

2019 Annual Report

As I reflect on my fourth year with Shepherd's Center of Hamilton County (SCHC), I could not be prouder to serve as the leader of our organization. 2019 was a transformative year for SCHC. We continued to help more people, expand our current programs, and serve as the hub for all things related to aging in our county. We also began to take on the role of advocacy in our community by addressing the gaps in available resources and services in our community for older adults. **We believe everyone deserves a great quality second half of life.**

By working with our collaborators—other non-profit organizations, local governments, first responders, health care partners, and for-profit senior-serving corporations—we have begun to act on this belief by working together. For example, when transportation to the grocery store became limited, we launched the Shopper Shuttle with Hamilton County Express/Janus. When necessary home repairs became essential to help people age in place safely, we formed the Home Repair Partnership with HAND and Habitat for Humanity. When seniors needed free legal assistance, we partnered with Indiana Legal Services to provide more services in Hamilton County. These partnerships happened through the desire to improve aging in our community and I could not be prouder to be a part of this change. Thank you for believing with us and supporting SCHC.

Mission

Promote and support independent lifestyles for adults 55+ in Hamilton County

Vision

Our vision is to be known throughout Hamilton County as a trusted resource for connecting adults 55+ with beneficial programs to support their independence.
